

# Paintbox Changing Table

## Assembly and care Instructions

**IMPORTANT:** Assemble Changing Table according to these  
Keep this sheet for important information and future reference

**(2) End Panels**  
**(1) Top Shelf**  
**(1) Bottom Shelf**  
**(2) Guard Rails**  
**(1) Adjustable Shelf**  
**(1) Foam Pad**  
**(1) Allen Wrench**

**(8) Bolts**  
  
**(2) Small  
Screws**  
  
**(4) Shelf Pins**  
  
**(1) Safety Strap**

## Assembly Instructions

(Phillips screwdriver required.)

<b>STEP 1</b> <b>Attach Shelves</b>	<b>STEP 2</b> <b>Attach other end panel</b>	<b>STEP 3</b> <b>Attach guard rails</b>
--	--	--

Lay an end panel on its side and slide the two small pilot holes into the upper making sure the holes are towards the changing table. Use two of the bolts to shelf. Repeat this procedure with the other the lower groove.

Position the other end panel so both slide into their grooves. Secure the end with four bolts but do not tighten them completely.

Turn the assembly upright and place a spacer between the two elongated holes on the top. Press the rail into the panel and repeat the procedure with the other rail on the opposite side. Now tighten all bolts from previous step.

### **STEP 4** **Insert adjustable shelf**

Place a shelf pin in each of the four posts at the desired position and slide the adjustable shelf into the changing table with the notches for the pins facing up.

### **STEP 5** **Attach the safety strap**

Attach the safety strap to the upper shelf rails in the predrilled holes with small screws with washers on them.  
Lay the foam pad on the top shelf to complete the assembly.

## Care and cleaning instructions

Your changing table is crafted from select hardwoods and will provide many years of reliable use if treated with the care normally given fine furniture. The wood has been carefully finished with a durable, non-toxic finish.

We do suggest applying a non-toxic furniture polish to all wooden parts periodically to maintain the fine finish.

The foam pad can be wiped clean with a damp cloth and a mild detergent.

# **WARNING! WARNING! WARNING!**

---

- **The safety strap is only intended to HELP hold an infant while using the changing table.**
- **NEVER LEAVE A CHILD UNATTENDED on changing table.**
- **Periodically check that all bolts and screws are securely tightened to insure stability and safety of changing table.**
- **DO NOT ALLOW CHILDREN TO CLIMB on changing table.**
